**Part E - Retention Rates**

Retention rates will be automatically calculated based on information provided by the institution.

Data to be entered by the institution:\*

- **Full- and part-time bachelor's cohorts from Fall 2006 (include only FIRST-TIME students);**
- **Exclusions from each of these cohorts (see below for allowed exclusions); and**
- **Number of students from these cohorts who are still enrolled in Fall 2007 (include students that re-enrolled and students with continuous enrollment).**

Use your institution's official fall reporting date or October 15 when counting students. The student status (full- or part-time) should be based on the fall 2006 status, even if this has changed by fall 2007 (e.g., if a student has gone from part-time to full-time, report them as part of the part-time cohort).

\*Report full-time and part-time *separately* in their appropriate boxes.

In the Exclusions boxes (for both full- and part-time), report the number of students who left the institution for any of the following reasons:

- Died or were totally and permanently disabled;
- Serve in the armed forces (including those called to active duty);
- Serve with a foreign aid service of the Federal Government (e.g., Peace Corps); or
- Serve on official church missions.

The system will subtract these from the cohort prior to calculating the retention rate. **Do not** include students who transferred into the institution as part of your fall cohort.

Retention rates (for both full- and part-time) will be computed by the system and will appear in the 2nd column after clicking **Save**.

**For institutions that use a full-year cohort:** Use the period August 1 through October 31 to define the retention cohort.
