Part A**Part A - Establish Your Groups.**

Due to requirements included in the Higher Education Opportunity Act (HEOA), there are now multiple groups of students on which you must report financial aid data. Use Part A to establish these groups below.

Institutions need to report aid on this component such that their net price calculations shown on College Navigator and used for the College Affordability lists is a reflection of what students actually pay.

Report the number of students in each of the following groups:

	Fall 2008	Fall 2008 counts reported on Fall Enrollment	Fall 2007 counts reported on PY SFA
01 Group 1. All undergraduate students enrolled in Fall 2008.	11,086	11,086	11,050
02 Group 2. Of those in Group 1, those who are full-time, first-time degree/certificate-seeking undergraduates.	1,986	1,986	1,934
02a Of those in Group 2, those who received any Federal Work Study, loans to students, or grant or scholarship aid from federal, state or local governments, the institution, or other sources known to the institution.	1,752		1,706
03 Group 3. Of those in Group 2, those paying the in-state or in-district tuition rate who received grant or scholarship aid from federal, state or local governments, or the institution. Exclude other sources of grants. (Data on Group 3 will be used to calculate net price as required by HEOA.)	1,232		
04 Group 4. Of those in Group 2, those paying the in-state or in-district tuition rate who received Title IV federal student aid. (Data on Group 4 will be used to calculate net price by income as required by HEOA.)	1,249

Part C - Financial Aid About Group 2, Page 2

For reporting on Group 2 below, please include:

- full-time, first-time degree-seeking students enrolled in Fall 2008.
- grants and scholarships from federal, state, local governments and from your institution; **do not include aid from other sources.**
- loans to students from the federal government and from other sources (including private lenders).

Column 1: For each type of aid, report the **number of students receiving aid** anytime during the full 2008-09 aid year. The percentage (column 2) and average amount of aid received (column 4) will be calculated for you. Because students may receive more than one type of aid, the sum of the detail will not necessarily equal the total number of students for the category. However, the total number of students reported for the aid category cannot exceed the sum of detail numbers (e.g., number receiving Federal grants cannot exceed Number of students receiving Pell Grants + number receiving Other Federal grants).

Column 3: For each type of aid, report the **total amount of aid** received by these students anytime during the entire aid year. Total amounts for each category will be calculated from detail amounts you report as follows (CV indicates calculated dollar value):

CV 01=02+03+04

CV 02=02a+02b

CV 05=05a+05b

You may use the space below to provide context for the data you've reported above. These context notes will be posted on the College Navigator website, and should be written to be understood by students and parents. For example, institutions may report here other sources of private aid not included in the categories above.

The table contains a single row of data that is completely illegible due to blurring or low resolution. The text appears to be a long string of characters or a full sentence, but no specific details can be discerned.
